Dedication

Dr. Joan Gordon, a professor emerita of the Department of Social and Behavioral Sciences, taught at Savannah State College for 42 years. She joined the SSC family during the Summer of 1928, and was diligent, well-trained professor up until her retirement in 1971. Dr. Gordon's tenure touched the lives of hundreds of graduates who still fondly look her up whenever they're in the city or visiting the campus. A graduate of Jackson State University, the University of Pennsylvania and Columbia University, Dr. Gordon spends a good deal of volunteer time on the campus where she actively supports the efforts of building the Savannah State College archival collection. The Tiger Yearbook Staff of 1993 salutes this great Legend in the history of our beloved ALMA MATER.

LET'S JAM!

Someone once said, "College days are the best days of one's life. At Savannah State College, that statement is more often true than not. Friendships are made, lives are enriched, learning is the order the day, and lifelong relationships are cemented.

For many students, college is that unforgettable milestone in life from which all else springs. Careers are born, intellects are nourished, and ideas and values are allowed to grow and develop.

When one takes into account all that he has managed to pack into four or five short years, it is no wonder that expression reverberates even louder . . . "College days are the best days".

IN LOVING MEMORY OF

CHERYL LOT

Should You Go First

Should you go first and I remain
To walk the road alone,
I'll live in memory's garden, dear,
With happy days we've known.
In Spring I'll wait for roses red,
When fades the lilac blue,
In early Fall, when brown leaves call
I'll catch a glimpse of you.

Should you go first and I remain
For battles to be fought,
Each thing you've touched along the way
Will be a hallowed spot.
I'll hear your voice, I'll see your smile
Though blindly I may grope,
The memory of your helping hand
Will buoy on with hope . . .

Should you go first and I remain
One thing I'd have you do
Walk slowly down that long, lone path
For soon I'll follow you.
I'll want to know each step you take

That I may walk the same,
For some day down that lonely road
You'll hear me call your name.

Whew-w-w!!!

That's finally over. No one really knows what a tremendous task it is putting a yearbook together — from start to finish. No one that is but the person who ends up doing the task, virtually all alone.

As I reflect on the beginnings of the 1992-93 Tiger Yearbook, I remember the feelings of "Do you really want to do this again?" After all, it was yours truly who had to almost single-handedly complete the Yearbook from the previous year. But, this was my SENIOR YEAR, and I would not let dear ole SSC down. So I buckled down with a small, but not so dedicated staff and the tackled the job ahead.

Things were going pretty good until we got to the Winter quarter, and my overload and work schedule got the best of me. I managed to get through two-thirds of the publication, and thanks to Mrs. Adams in the Public Relations office, the other third was completed finally.

My parting words are to each of you — the students still enrolled at SSC. Get involved with the Yearbook staff. It's your recorded reflections of some very precious college days. They belong to you and so does this Tiger yearbook.

Sincerely,

Sametria McFall
Editor
